

Uncompromised Quality, First Time

Service Sectors

- ▶ Mining
- ▶ Metallurgical
- ▶ Process
- ▶ Bulk Materials Handling
- ▶ Petrochemical
- ▶ Paper and Pulp
- ▶ OEM Designed Components

Workshop 1 - Benoni

- ▶ 12 000 squares meter facility under roof under crane
- ▶ 1 500 square meter blasting and painting facility under roof
- ▶ 4 000 square meter yard area
- ▶ 1 000 square meter open area under gantry cranes
- ▶ 9 overhead cranes with 14m Hook-Height and 65T lifting capacity
- ▶ 8m x 7m x 20m sandblasting bay
- ▶ Stainless Steel Bead Blasting
- ▶ Shotblasting Booth
- ▶ Machining Centre

Workshop 2 - Chamdor

- ▶ 17 000 squares meter facility under roof under crane
- ▶ 6 000 square meter yard area
- ▶ 4 000 square meter open area under gantry cranes
- ▶ 12 overhead cranes with 8,5m Hook-Height and 65T lifting capacity

Services

- ▶ Engineering
- ▶ Design
- ▶ Fabrication
- ▶ Machining
- ▶ Corrosion Protection
- ▶ Site Construction
- ▶ Site Erection

-

Ducting and Stacks

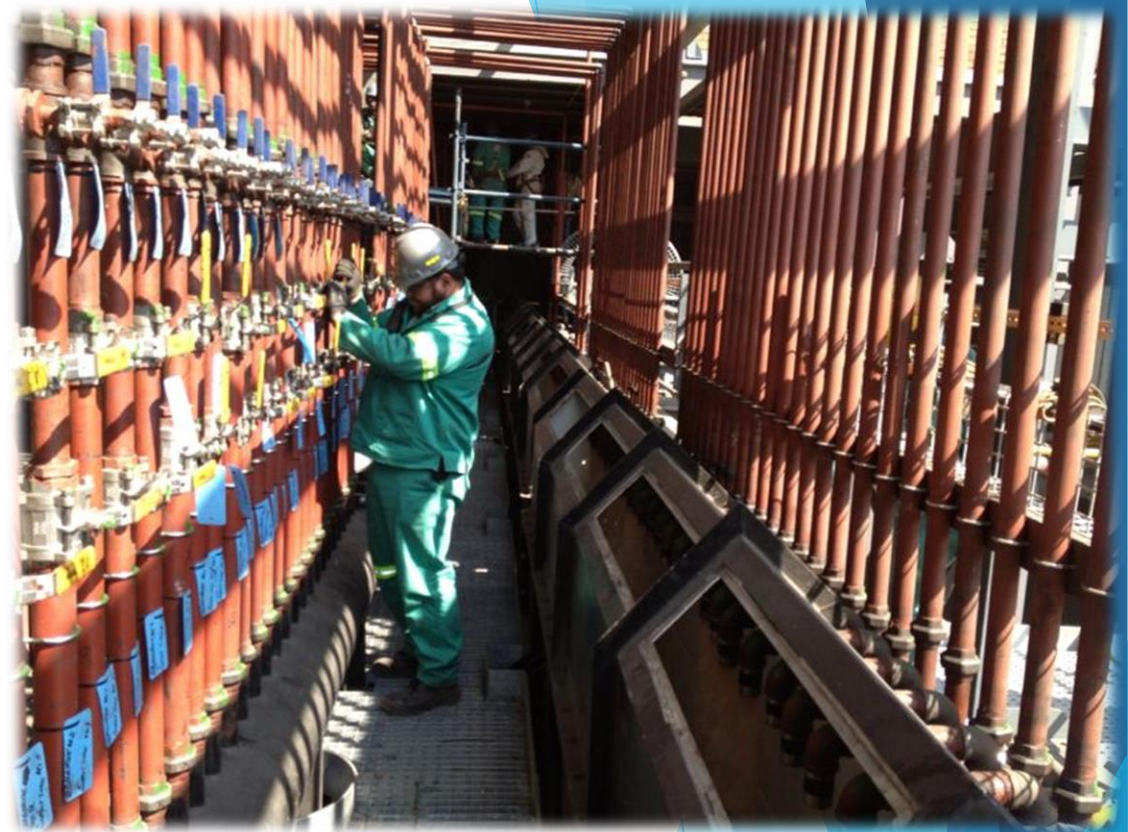

- Specialised water-cooled ducting
- Pressurised and Spray Cooled
- Raw gas
- Off Gas
- Air Cooled

Piping

- ▶ High Pressure
- ▶ Low Flow
- ▶ Piping Skids
- ▶ Small and Large Bore Piping
- ▶ Steam Piping
- ▶ Nitrogen and Fuel and other gas lines
- ▶ Hydraulic piping

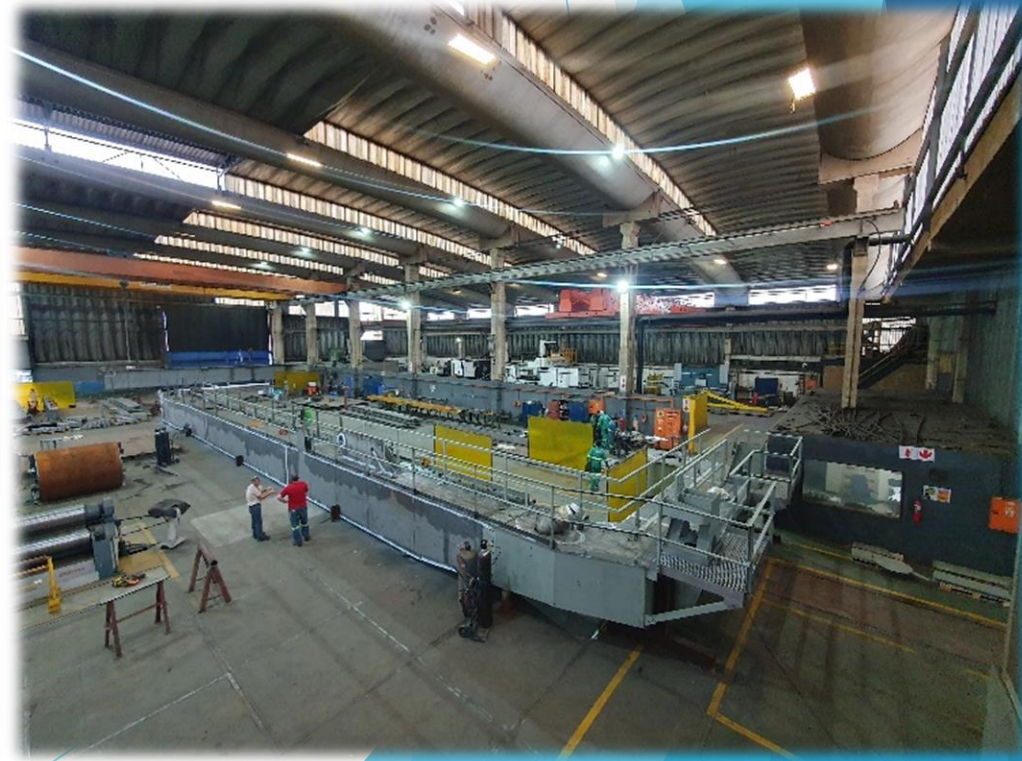

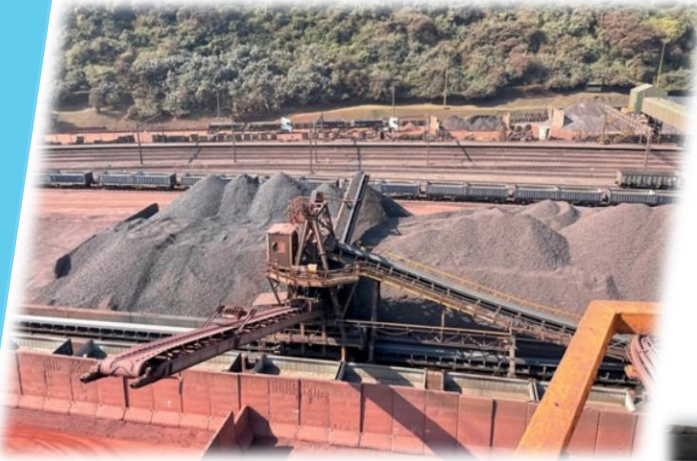

Mining and Process

- ▶ Crusher Stations
- ▶ Mill Installations
- ▶ Hoppers
- ▶ Chutes
- ▶ Bins
- ▶ Apron Feeders
- ▶ Feeders
- ▶ Vibrating Screens
- ▶ Conveyors
- ▶ Structural Steel
- ▶ Tanks / Bolted and Welded (Design)
- ▶ Thickeners
- ▶ Heat Exchangers
- ▶ Cells
- ▶ Pressure Vessels

Bulk Materials Handling Systems

- ▶ Stackers
- ▶ Stacker Reclaimer
- ▶ Tiplers
- ▶ Ship Loaders

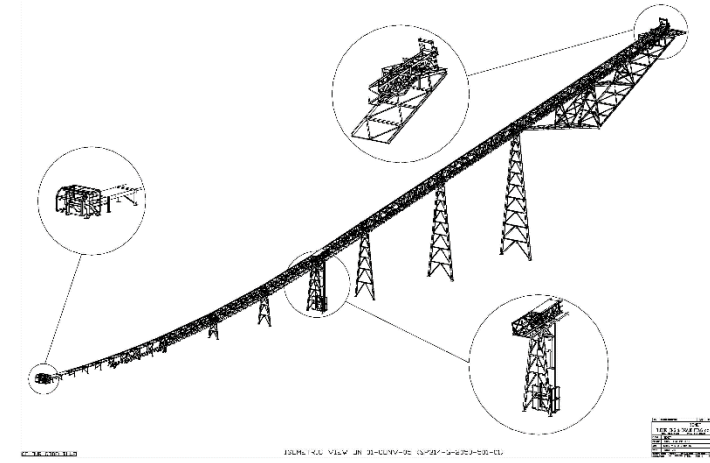

Copper Components

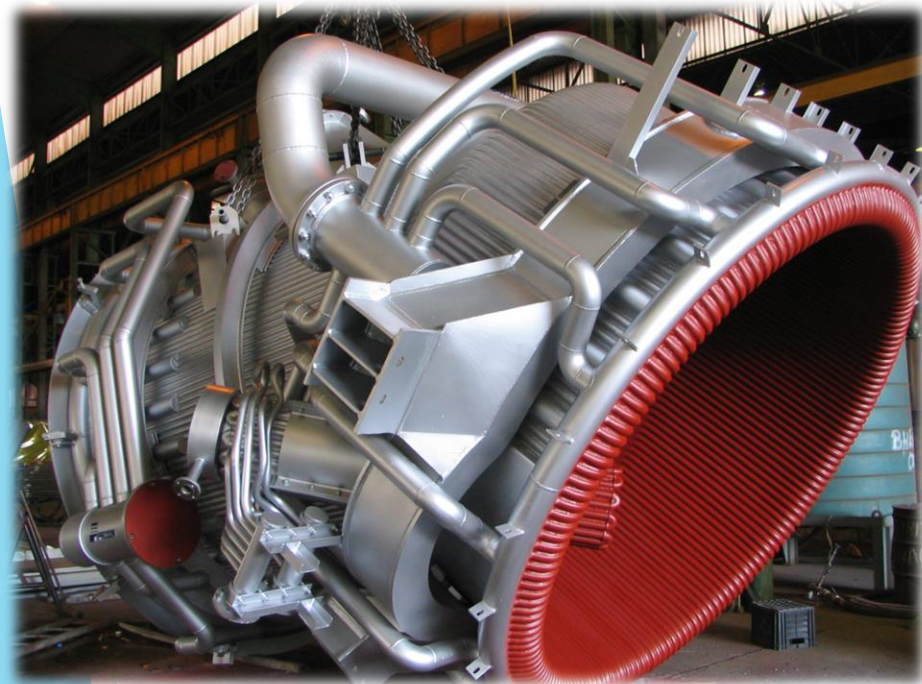

- Busbar systems
- Electrode columns
- Electrode Arms
- Auxiliary clamps
- Flags
- Fins

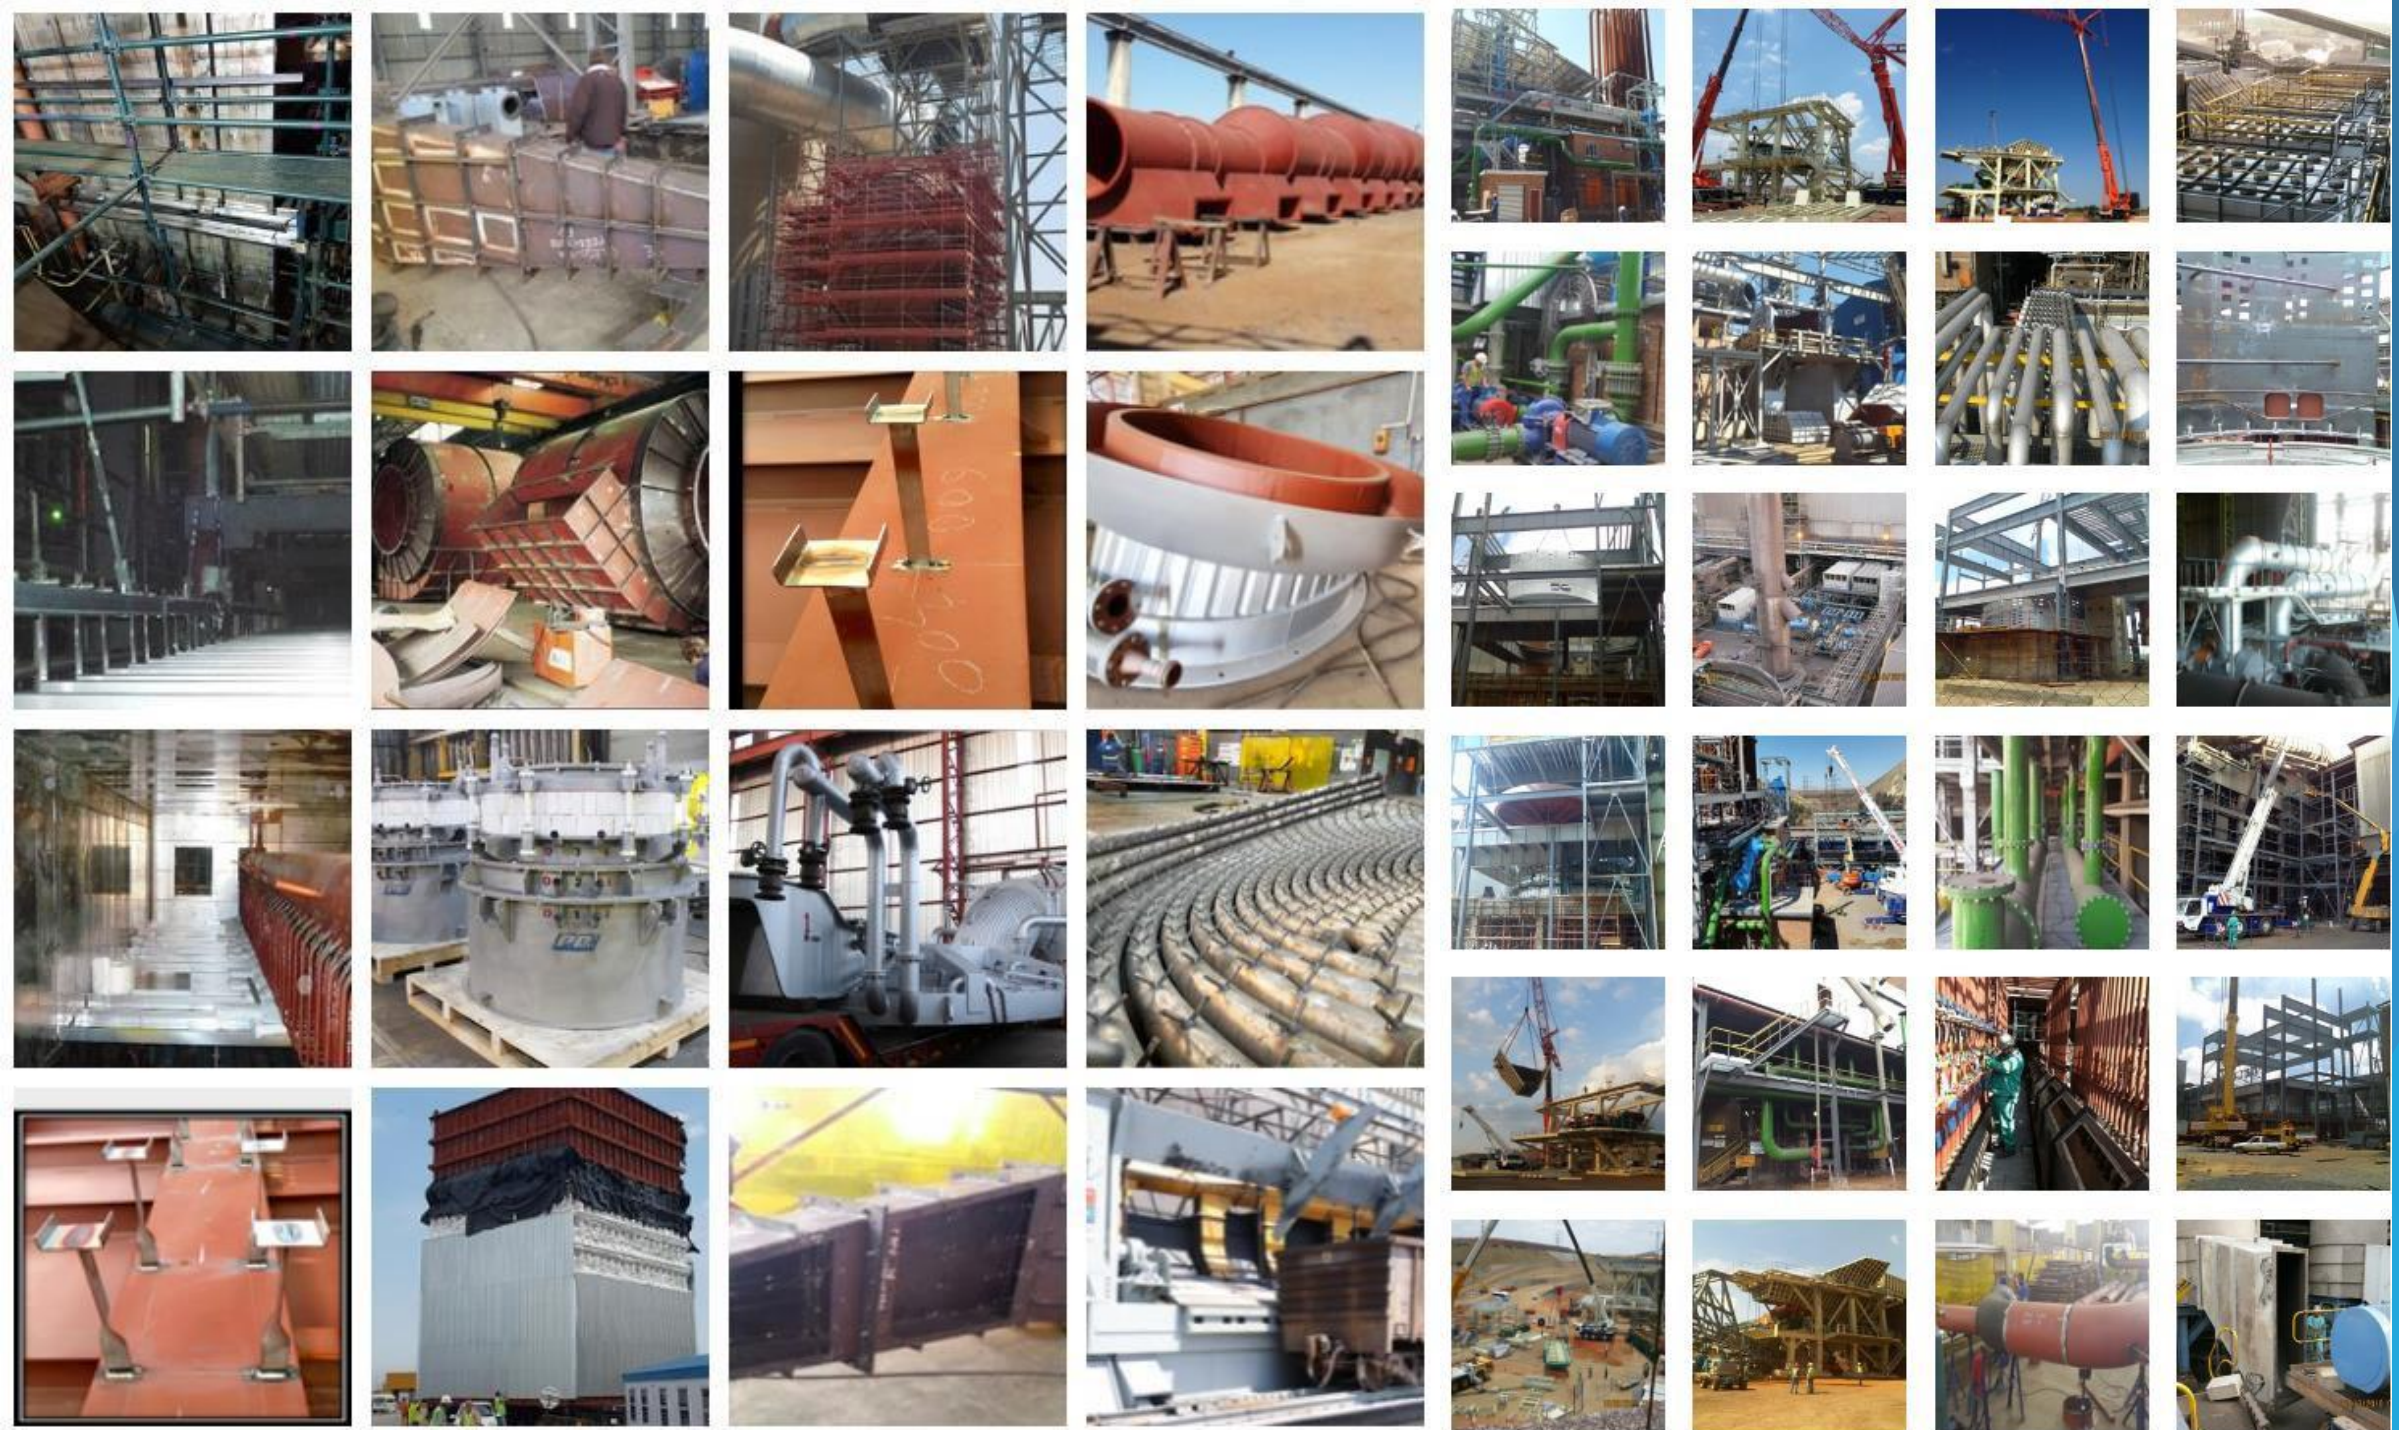

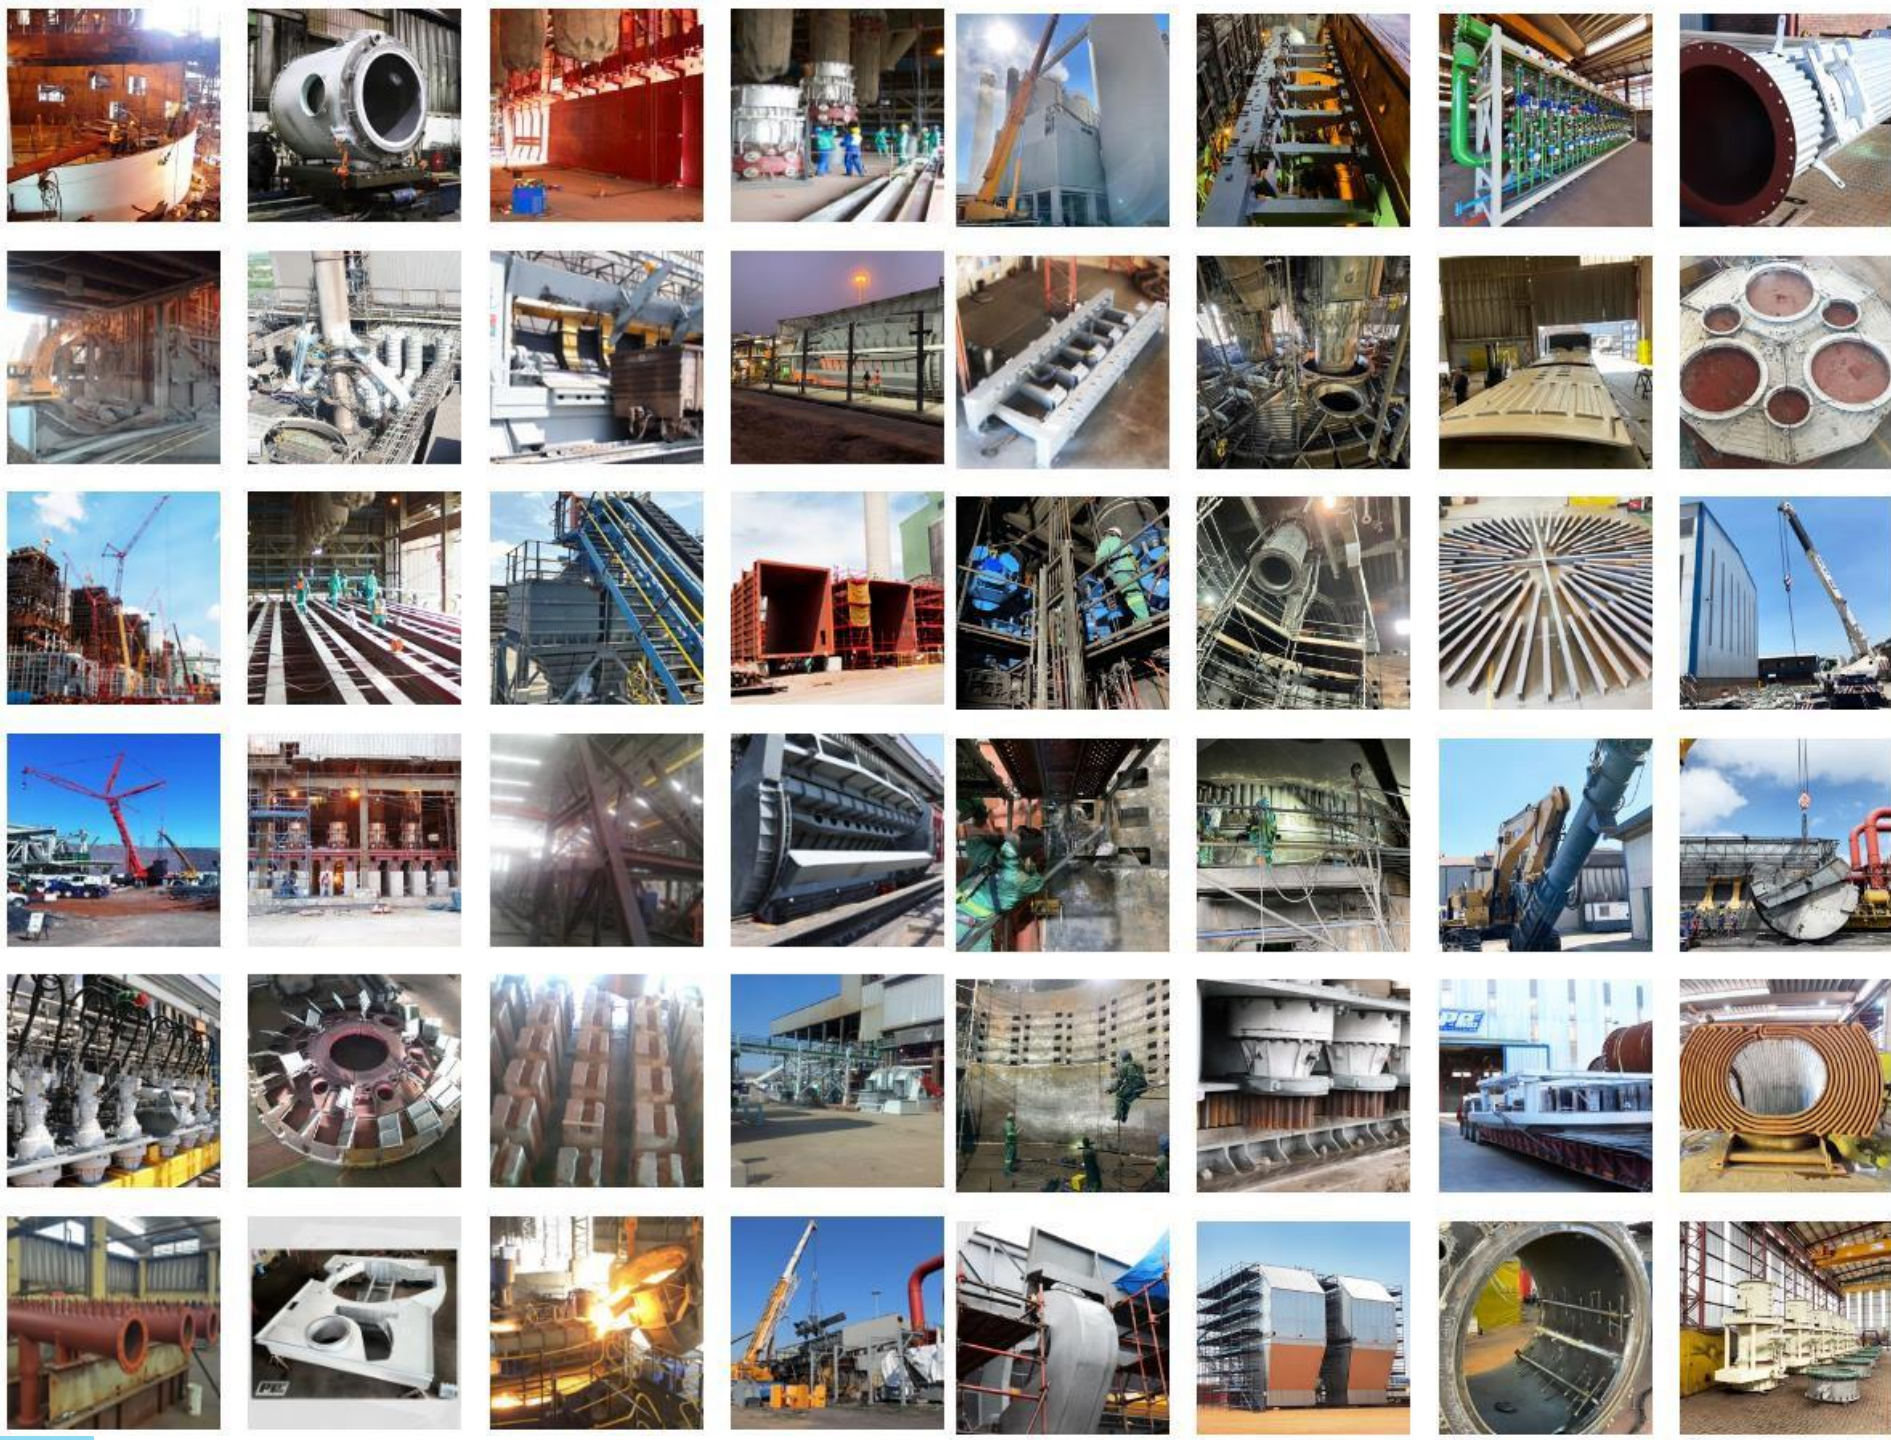

Technical Capacity And Certification

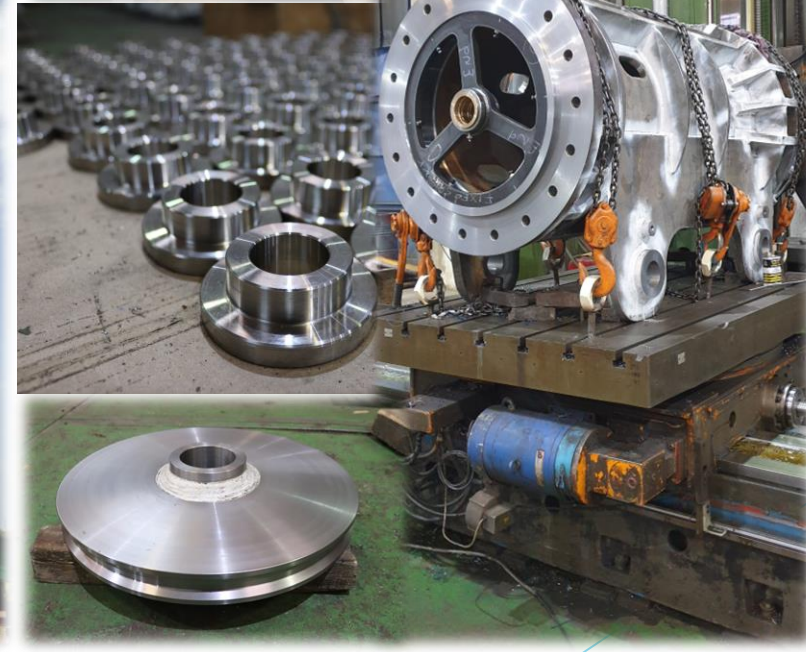

- Detailing
- Modelling
- 3D Scanning
- Hydro Testing
- Flow Testing
